

Printable Herb Garden Markers

We suggest you print on card stock or a very thick paper

1. Print a sheet of pre-printed markers. See page 2 for blank markers.
2. Using scissors, cut out each marker following the dotted lines.
3. Fold each marker on the thin dotted line.
4. Cut slits where indicated. Insert a popsicle stick, tiny stick from a tree, or tongue depressor through the slits.
5. Write date the seed was planted on each marker and insert into the dirt.
